About the School

CADMUS® Duhok, a concept by SABIS®, provides a top-quality, international education within a safe and nurturing environment, enabling students to reach their full potential today and in the future. CADMUS® International School – Duhok is the first CADMUS® school to open in Kurdistan, Iraq, in 2018. The school offers students in and around Erbil a high-quality, international education. The school welcomes students from Kindergarten through Grade 8 in 2022-2023, adding a grade level each year to reach Grade 12. CADMUS® International Schools are a new model of schools offered by SABIS®, a global education network that currently operates schools in 20 countries, on 5 continents, in both the private and public sectors. Students in CADMUS® International School – Duhok will benefit from a world-class curriculum, cutting-edge education technology, proven teaching methods, an engaging student life, and more, as the school, like all schools in the network, will offer the proven SABIS® Educational System. They will also benefit from the school's new, purpose-built campus designed with the students in mind.

A Letter from the School Director

Dear Students,
I am very proud to announce that yet another successful academic year has been completed in Cadmus International Schools in Kurdistan. A full year of accomplishments, additional knowledge, and challenges! A year full of ups and downs producing the most unforgettable memories for all Cadmus members including parents, students and staff!
Congratulations for another year of achievement to our students. My hope is that you have developed both academically and socially. I can honestly say that we as a team, we have learnt so much from you. School is not just for students to be taught, but rather a place where we all learn from each other. I can proudly say that I have learnt so much from you. You have made me love life and my work, so thank you so much for your feedback, support and also for considering your school as your second home. A special thank you goes to all of your parents for their constant support and encouragement so, don't forget to thank your parents and family as they have a big part in our success - without them we couldn't make it happen. I know that you are waiting to get the results that you have worked so hard for over the full academic year! Whatever your results may be, please do not be disappointed, instead be thankful and be proud that you were able to continue your education by attending all your lessons regularly. I want you all to understand that our aim at Cadmus International Schools is for learning, developing and understanding. It is not just for simply passing exams or just going to the next level without the appropriate foundation of knowledge. I would like to congratulate students who will achieve good results and encourage those whose results are not what they hope to not be disappointed with their grades. I advise them to work hard when they have their next opportunity. It is always possible in education to achieve if you try again. We are all looking forward to seeing you next academic year. Have a joyful summer vacation.

Hamasat Albayati - School Director

School Academics

At CADMUS® Duhok, we believe that students learn best when they feel confident, safe, and engaged at school. Our experienced team of staff and teachers are committed to providing an optimal learning environment that nurtures academic achievement and challenges students to reach their full potential. Academic excellence is at the core of the education offered at CADMUS® Duhok. Our students in Kindergarten through Grade 12 receive a premier education in a vibrant, international community that is committed to helping all students aim for and achieve their full potential. It is in this inclusive, collaborative environment that we empower our students to succeed in a constantly changing world that requires a variety of skills rooted in academic competencies. Central to academic life at CADMUS® Duhok is the SABIS® Educational System, which includes an international curriculum that provides a foundation for student success. As CADMUS® Duhok students advance through the curriculum, their foundation of knowledge expands in breadth and depth and becomes a springboard for future learning. Starting in Kindergarten and continuing until graduation, the curriculum at CADMUS® Duhok covers a broad range of academic subjects. Our curriculum enables students to develop fluency in English, Arabic, Kurdish, and an additional world language of their choice. Strong emphasis is placed on English and math, as well as the sciences in secondary school, where our students prepare for external exams such as the British-based IGCSEs, and the U.S.-based Advanced Placement® (AP®) program. Social studies, music, fine arts, physical education, psychology, business and economics studies, computer studies, and a number of non-traditional subjects increasingly relevant for the world of the future, are integrated into the curriculum. In every subject and at every grade level, our academic approach to learning provides students with a structure that promotes the mastery of essential concepts. Through teaching methods that actively engage students in the learning process as well as frequent assessment and comprehensive support and follow-up, we help our students achieve success in school and build strong foundations that prepare them for the next level. This highly effective approach provides a 360° view of individual progress to keep students, teachers, and parents informed at all times, as well as motivates and involves students in a dynamic and collaborative learning environment. Additionally, CADMUS® Duhok recognizes that in an ever-evolving world, qualities and skills such as leadership, critical thinking, communication, perseverance, grit, creativity, and teamwork are among the keys to success now and later in life. For this reason, embedded into the curriculum at CADMUS® Duhok is a strong, student-led component of the school day. The Student Life Organization promotes participation in a wide variety of activities, giving CADMUS® Duhok students the opportunity to experience, practice, and develop this broad set of coveted life skills.

Student Life Architecture

An integral part of the education offered at CADMUS® Duhok is the Student Life Organization (SLO), a student-led mini-society that empowers students to get involved in the day-to-day experience at their school and offers countless academic, social, and emotional benefits for everyone involved. Through the organization's nine departments, students have the power to make a real difference in their school and their community. SLO prefects have the ability to organize academic and social events, host games and challenges, plan athletic activities, explore new skills, start clubs, raise awareness on important subjects, stand up for important causes, and much more. By taking on this active role, students learn to take responsibility for their emotional, social, and moral growth as both individuals and members of a larger community. The real-life experiences students are exposed to help foster their personal development as well as provide them with a platform to acquire and refine skills, attitudes, and attributes that give them a huge advantage in university and beyond. Some of these essential life skills include:

- Leadership
- Organization
- Communication
- Problem Solving
- Grit & Resilience
- Collaboration
- Sociability
- Independence
- Teamwork
- Critical Thinking
- Empathy & Tolerance
- Accountability

Having demonstrated that they have a broad base of abilities and experiences and that they can be effective team players, top universities from around the world are eager to attract and accept them. It is these same skills, attitudes, and attributes learned and developed through the SLO that make graduates from our school successful in university and beyond.

SABIS® Grid Questions, Preplist & Peer Tutoring Sessions

1- SABIS® Grid Questions

What are SABIS® Grid questions A fixed number of questions deemed essential for students' learning covered by class teacher during class time and included in tests throughout the academic year. Why master grid questions? to guarantee passing at a minimum, achieve exceptional exam performances and enhance student subject knowledge. How to view Grid questions? Through the Sample Questions documents obtainable, from student respective teacher and within SABIS® Digital Platform, under the GRID Practice in the GRID panel.

2- SABIS® PrepList

What is a SABIS® Preplist? A list of Grid questions answered incorrectly.

How to identify your Preplist questions? Refer to your respective teacher and log in to SABIS® Digital Platform, under PrepL It's Practice in the Grid panel: Select the subject and Incorrectly answered questions of the Grid will be displayed. What is the difference between Grid and Preplist? A grid is a comprehensive list of questions deemed essential for your learning when you answer Grid questions incorrectly, they are added to your PrepList, until mastered.

Letter from SLO Head Prefect

Hello everyone,
My name is Mohammed Masoud and I have been participating as the Head Prefect of the SLO department at Cadmus-Duhok International School for the Academic Year 2022-2023. During my experience as a Head Prefect, I had multiple responsibilities, and the SLO team relied on me for fulfilling different tasks during this year. A lot of experience was gained, and it had effective and positive sides for me as a student. I have also been able to work with teachers, students, supervisors, AQC, director, and other prefects in the same department. And our main goal was; bettering the education at the top level and the school's environment as a whole. I'm proud to say that being a head prefect has added another strong character in me; more confident and someone to rely on, especially in problem-solving and decision-making, at any time and level, and under any circumstances. I am pretty sure that this year has ended successfully with recognizable performances and a variety of fabulous activities and concerts.

Mohammed Masoud - Gr.8 - SLO Head Prefect

Academic Department

Description

The Academic Department is one of the main pillars of the SABIS Student Life Organization®. It is geared to assist all students who require support and extra help in their quest for academic success. This department provides tutors in different subjects, organizes re-teaching sessions for those who failed their exams, provides Shadow Teachers®, organizes academic events, promotes good study habits, assists teachers in the classroom, and always seeks to proactively ensure that all students pass their exams.

Mission Statement

Nurture a thirst of knowledge in all students. Proactively offer necessary support and encouragement to ensure that all students want to excel academically.

Arwin Ziyad Fatah - Academic Deputy Head Prefect

First Day of School

We are looking forward to a successful year ahead for our students as they begin a new year on their educational journey with us.

First Day of School

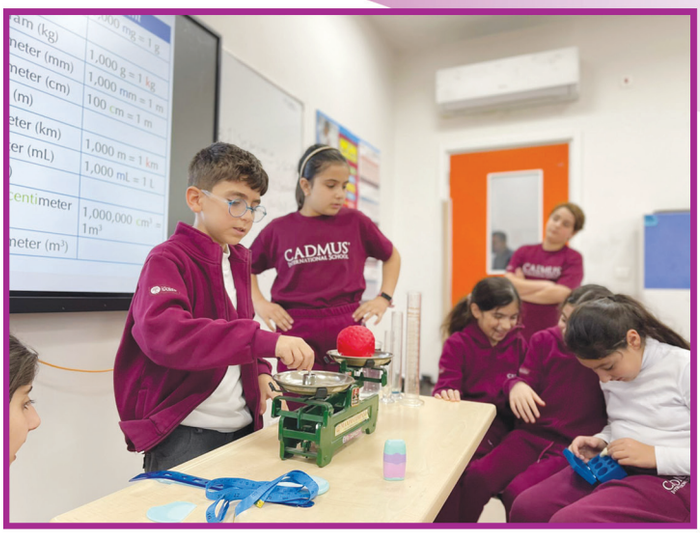
International Diversity Month

International Language Day

Celebrating diversity with our amazing students! Learning about different cultures helps us all grow and become more inclusive members of our community.
We all smile in the same language, even we are all various nationalities.

Science Experiments

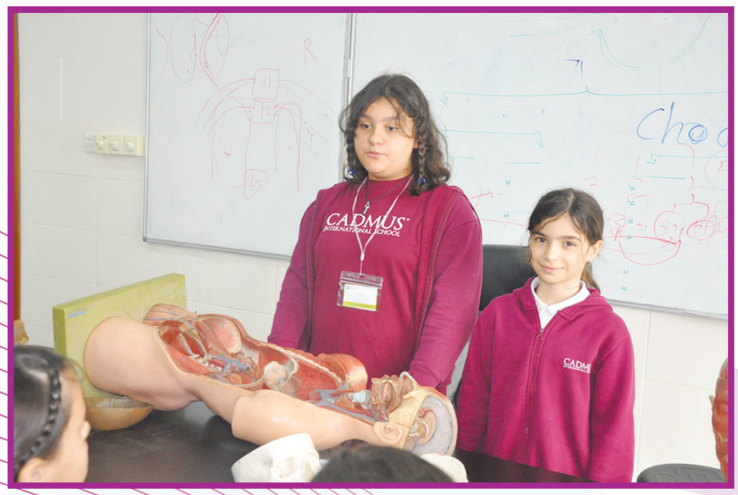
In order to better understand the concepts being studied and have a practical look into the field of science, students in grade 2 and 5 participated in a day of Science experiments.



Chapter 3 - States of Matter
3.2 Liquids
2. Pour the water from the measuring cup into a graduated cylinder. Draw the shape of the water. Record the number of milliliters of water.

A Visit to College of Medicine Science Lap - Duhok University

Students from CADMUS Duhok were warmly welcomed by the University of Duhok-UOD, College Of Medicine to visit their science lab and observe the equipment and supplies needed to carry out all science-related studies. The students had success to a real- world experiment on whiteness.



A Visit to College of Medicine Science Lap - Duhok University

Solar Eclipse

Cadmus Students were educated on what a Solar Eclipse is, the different types, ands how often they happen. Rare scientific events like this are educational and fun for our students to witness. We took extra safety measures to ensure our students by carefully witnessing the eclipse with special gear.

Discipline Department

Description

The Discipline Department plays a major and unique role in the SABIS Student Life Organization®. Its focus is to ensure that the school is a safe place where students from all walks of life can live and learn together in an atmosphere that is conducive to learning. This department provides prefects to control hallways, playgrounds, cafeteria, gymnasium, and other school areas. They also help the teachers and ensure that no bullying is taking place at the school. All Discipline Prefects work very closely with the Student Management Coordinator (SMC) and staff.

Mission Statement

Create a safe school atmosphere conducive to learning. Teach students to manage their behavior, acquire and maintain good habits, abide by school rules, resolve differences through mediation and peaceful means, and shield them from bullying.

Madaif Akram Mashaan

Discipline Deputy Head Prefect

Bullying Prevention Awareness Campaign

Cadmus Duhok SLO Discipline Department launched bullying prevention activities with a mission to raise awareness and prevent bullying both at school and at home!

Bullying Prevention Awareness Campaign

Management Department

Description

The Management Department is a pillar for all other departments. It provides support for all other departments and ensures that they can operate effectively and smoothly by providing them with computer support, communication support, and most importantly logistical support. The Management Department allows the synchronization of all events and activities and provides technological know-how to all other departments.

Mission Statement

Streamline efficient communication and coordination while managing and running the program throughout the Student Life Organization.

Wellness Department

Description:
The Wellness Department plays a vital role in the welfare of our students. It is crucial for our students to be aware of the many issues that could affect their overall well-being and learn how to properly take care of themselves and those around them.
The Wellness Department focuses on many important dimensions. Some of them are Physical, Emotional, Social and Digital. The Wellness Department will be instrumental in enhancing the students' Emotional Intelligence while teaching them prevention techniques to protect themselves.

Mission Statement
Actively pursue choices and a lifestyle, which nurture and sustain a healthy, thriving, and balanced body and mind.

Banaz Mivan Sulaiman
Wellness Deputy Head Prefect

Health Awareness Campaign

The SLO Wellness Department and in collaboration with (ABC Clinic) – Duhok organized health awareness campaigns for our students in December. The campaign emphasized the importance of practicing healthy habits and taking care of their health in order to sustain one's wellness and growth.

Cooking Healthy Food

Cooking Healthy Food

Cooking Healthy Food

Sports Department

Description

The Sports Department is a major department within the SABIS Student Life Organization®. It helps promote physical health as well as teach sportsmanship and friendly competition. It teaches prefects and students to be accountable for equipment as well as try to improve and excel in the sports that they enjoy practicing. The Sports Department creates avenues for all students to get involved in sports in one way or another as well as introduce new sports at the school.

Mission Statement

Promote fitness and encourage students to lead an active life by getting and staying in shape

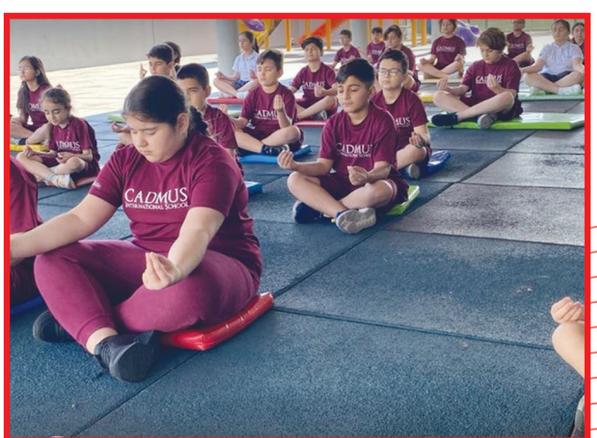
Ibrahim Muhsin Ibrahim
Sports Deputy Head Prefect

Sport Curriculum

At CADMUS® we embrace students who possess athletic talent and interests benefitting from our sports curriculum and their love for athletics to nurture their leadership skills, self-confidence, and team spirit values.

Yoga

We have integrated some "Yoga for Kids" sessions during P.E. Yoga has proven to develop concentration and focus, not to mention it creates a healthy mind and body connection We believe that an equal balance of hard work, fun and relaxation are key ingredient to successful, smooth educational journey.



Football Friendly Match

Cadmus Duhok Sport Department organized a friendly football match on campus with fastlink Academy to promote extracurricular activities and highlight the value of sports.

Pick your World Cup 2022 Winner

Activities Department

Description

The Activities Department blends the fun part of SLO® and brings up the initiative and creativity of the students. It combines extra-curricular activities that could be held after school or on weekends with the activities that are held at the school on a regular basis such as clubs. Within the Activities Department, the prefects keep the school morale high and encourage students to get involved. It is through planning activities that the students learn organizational skills, planning skills, and project management skills

Mission Statement

Encourage students to pursue, share, and teach special interests and hobbies while providing them with an outlet to express and explore their talents and complement their academic learning.

Naz Saeed - Activities Deputy Head Prefect

Outreach Department

Description

The Outreach Department is a critical department that sets the tone for the SABIS Student Life Organization® and the school. It is the department that markets SLO® to both students and staff and helps ensure that students are happy to come to school every single day. This is the first contact that brand new students have with the SLO ® and the school, and it helps shape good impressions among everyone. The glue brings everyone together.

Mission Statement

Motivate students, ensure that the morale is always at its highest, foster a positive culture and promote a sense of pride and belonging among the student body.

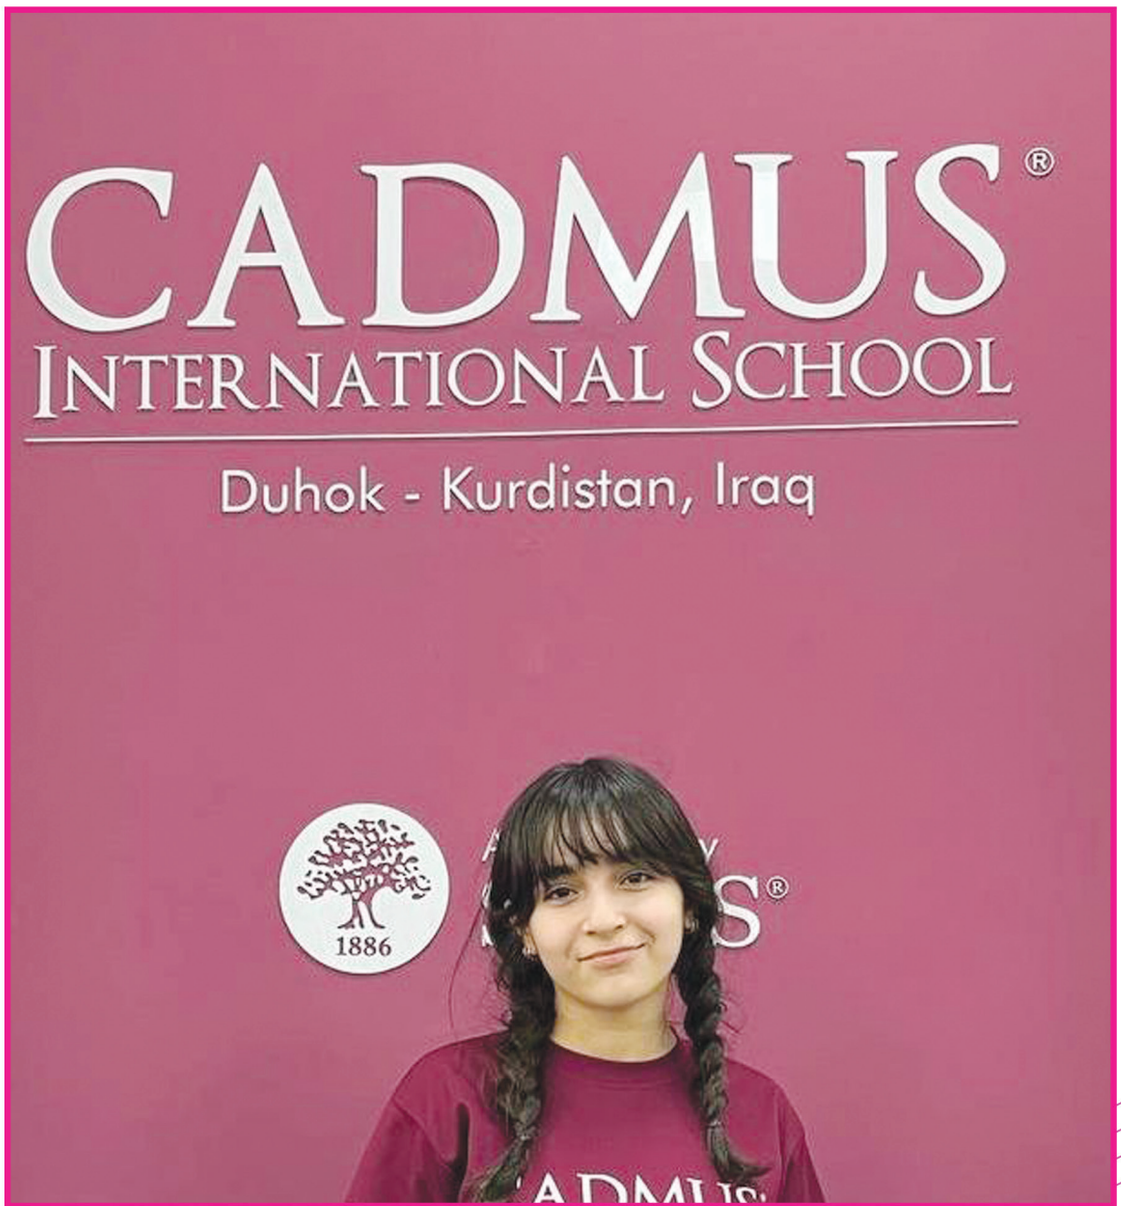
Lower School Department

Description
The Primary/Lower School Department is a foundational department in the sense that starting students' involvement in SLO® that early will help in setting the tone and interest in the school at an early age. Moreover, younger students are eager to help and to get involved, and it is imperative to tap into their energy and potential to teach them about values, ethics, morality, and proper behavior at a very early age

Mission Statement
Teach LS students to take ownership of their activities at school while learning good habits, responsibility and accountability at an early age. Increase the interaction between the US and LS students to provide the LS students with role models and prepare them for their future in Middle and Upper school.



Ster Ary Habeeb
Lower School Deputy Head Prefect

Department Activities

Social Responsibility Department

Description

The Social Responsibility Department allow students to become more socially responsible toward the planet and their own community and country as well as to the world in general. This department helps students become better global citizens, be aware of global issues facing the planet, and more importantly give them the opportunity to act to make a difference in the world. Inspire students to give back to their community and to actively get involved in improving the environment and the planet as well as reach out to those in need wherever they may be.

Mission Statement

Inspire students to give back to their community, to actively get involved in improving the environment and the planet as well as reach out to those in need wherever they may be.

Sima Bayar Ababakr
Social Reponsibility Deputy Head Prefect

Earthquake Relief Campaign

CADMUS® Duhok's commitment to helping others and making a positive impact on the community is evident through initiatives like the Earthquake Relief Campaign. The students' altruistic gesture resulted in an overwhelming response, with piles upon piles of canned and dry food in addition to winter warm clothes and baby items. CADMUS® Duhok in collaboration with Barzani Foundation (BCF) was able to donate, package and delivered to those families who got injured or lost their houses in the earthquake that took place in Syria and Turkey. The spirit of giving extended beyond the students, as their parents also actively participated by dropping off big boxes filled with donations. Through the Earthquake Relief Campaign, CADMUS® Duhok was able to provide much-needed support to numerous needy families. The joy of food was shared with those who are less fortunate, bringing nourishment and a sense of relief to their lives. The success of this initiative demonstrates CADMUS® Duhok's dedication to giving back and making a meaningful difference in the community.

Thank You Day

On January 11, the annual International Thank You Day is Celebrated. This day is an opportunity to express gratitude to those who have had a positive impact on our life. The Duhok Police and Traffic Officers received thank you cards from our students as a symbol of their appreciation.

World Food Day

Celebrating World Food Day is a yearly initiative by Cadmus Duhok SLO Social Responsibility Department! Celebrating World Food Day by organizing a campaign to collect dry food donations from students, parents, and staff members is a commendable effort to address world hunger and support community members in need. By engaging the entire school community in this campaign, they are fostering a sense of solidarity and collective action towards a common goal.
